

ASHISH BALA.A

B.E Electronics and Communication Engineering | Instincts Deputy Coordinator | InvenTe Event Head
+91 93455 26739 | ashish2310730@ssn.edu.in | Chennai, Tamil Nadu

EXECUTIVE SUMMARY

Engineering student with hands-on experience building cloud-connected IoT systems, ML-based predictive models, and web interfaces, backed by proven execution ability from coordinating large-scale, high-footfall events and securing sponsorship.

EDUCATION

Sri Sivasubramaniya Nadar College of Engineering, Chennai

2023 – 2027

B.E. Electronics and Communication Engineering | CGPA: 7.145

S.B.O.A. Matriculation & Higher Secondary School

Higher Secondary (Class XII) – 88.33%

TECHNICAL SKILLS

- Programming: Python, C , SQL
- Data & Analytics: Excel (Pivot Tables, Basic Analysis), Data Preprocessing
- Web & Tools: Flask, Visual Studio Code

PROJECTS

Cardiovascular Disease Detection using Machine Learning

dec 2025

ML Project

- Developed supervised ML model for heart disease prediction
- Performed data preprocessing and feature scaling
- Implemented classification algorithms (Logistic Regression / SVM)
- Evaluated performance using accuracy, precision, recall, and confusion matrix
- Developed a web-based user interface using Flask in Visual Studio Code

Smart Industrial Safety Monitoring System

feb 2026

IoT Project

- Designed multi-sensor monitoring system using ESP32
- Integrated gas, vibration, and motion sensors
- Implemented threshold-based hazard detection logic
- Enabled real-time cloud monitoring via ThingSpeak

Flood Detection using SAR Images with DAM-Net

2026

ML Project – final year project

- Developed a flood detection model using SAR satellite images
- Preprocessed SAR images for deep learning
- Implemented DAM-Net for flood segmentation
- Evaluated performance using IoU and F1-Score

ROLES & RESPONSIBILITIES

Deputy Coordinator – INSTINCTS College Fest

Mar 2026

SSN & SNU Chennai | 45,000+ footfall | 3-day intercollegiate fest

- Secured Rs.7,00,000 sponsorship from W3Global
- Negotiated brand visibility deliverables
- Acting as SPOC between W3Global and SSN

Event Coordinator – SSN INVENTE'25 Tech Event

Sep 2025

- Led operational coordination for 'The Firewall' technical event during Invente at SSN
- Managed participant communication, event flow, and logistics across teams
- Ensured seamless execution under time constraints through effective task delegation

CORE COMPETENCIES

- Strategic planning & execution
- Team coordination and cross-functional collaboration
- Analytical problem solving
- Visual presentation design and branding execution

CERTIFICATIONS

- Data Analysis & Decision Making – II (NPTEL)
- Applied Linear Algebra for Signal Processing, Data Analytics and Machine Learning (NPTEL)
